

Studebaker Wagons

Having built up an enormous business by building honest wagons for 63 years, Studebaker must continue to build them. One should buy a wagon which is good enough to last a lifetime. It's a waste of money to do otherwise. Nothing but long life, light weight and easy running, horse-saving qualities will give satisfaction and be found worth the money. A few dollars will fade away when scattered over forty years, but the stuff that is under the paint is what gives a man ten years of grief and expense or 40 years of service and satisfaction. The real question is "What is under the paint?" Get a STUDEBAKER.
